## **FIVE BIBLE VERSES THAT WILL CHANGE YOUR DESTINY FOREVER**

Words are God's instrument of creation. One classic proof of spiritual growth and maturity is the ability to speak consistent with the word of God, as a believer, you need to sustain the ability for your communications and your speakings to always without fail be in line with the word of God. Sometimes in an attempt to press into deeper dimensions of God we make some statements and speakings which others see as trivial, and I must admit this to you, you know sometimes as we press towards superior dimensions in the spirit which is valuable, we tend to trigger some of these foundational truths and many people look at them as though they are basic like they are for children, but please note that at every level of your work with God your words will be the programmers of your destiny, you don't talk anyhow, you don't speak antichrist, you must culture your words by the word of God, you must ensure that your communications are building your life and your destiny. Many of us have destroyed our lives because we have used our mouth in a negative ways over the years, thereby programming the opposite of what we

desired into our experience, Let me show you a few scriptures that will challenge you. some verses about words that have really blessed me. I tried to write the five or six most powerful scriptures I have found about words and they are below.

1. **John 6 vs 53:** The word that I speak unto you, they are not just sounds that enter your ears, they are spirit and life. So, while you are saying it is not for people like us, we are a nobody, you are sending spirits, you are sending instruments of creation, you are sending messengers into your future, programming woe, programming tragedies for you. Words are powerful, God created the universe through words, the only thing God did not create through words is man and He said it, its just that He added with His hand again, every other thing God said, God saw.
2. **Ecclesiastes 8 vs 4:** These are the scriptures that have blessed me and shake my understanding of the power of the spoken word. Where the word of a king is, there is power. Except you are not a king but if you are a king and the bible tells us in revelation 5:10, I've taught you, dominion mandate, one of the ways that we legislate is our legislature through words. For where the word of Joshua Selman is, there is power, where the word of anybody in kingdom is, who has the understanding, that means if I see things happening in my life and I don't like, what is the first thing to do? Listen, don't let anybody makes you feel these things are basic, no! you didn't create the realm of the spirit, you came from there, anybody that is born and says I will not

eat food the regular way, I want to live my own way, except you've caught the revelation of been a breatharian, just know that you are going to die and you will shrink like what they world has never seen before. The authorized way is that you continue to eat. Where the word of a king is, there is power.

3. **Mathew 12 vs 37:** For by thy words, thou shall be justified like the court of law, there is a spiritual court. The realm of the spirit works on legal basis, he said for by thy words, as easy as salvation is, it takes words to impact the life of Christ to you, the word is nerdy, even in the mouth and in the heart the word of faith that we preach, romans 10:8-10 for by thy word thou shall be justified and by thy word thou shall be condemned, so when you are condemned, who condemned you? Its not really your neighbor, no! you only attracted to your life what your words mean. I refuse to speak negatively about myself, I refuse it, you will never hear me say anything sarcastic about myself, I love myself, I was teaching in the school of ministry and telling them that these people who hangs themselves and commit suicide, it has been a wonder for me for many years even if I were not born again, I won't hang myself, no! I love myself passionately, I may challenge and quarrel myself but to tie rope and hang myself, no! by your words, you are justified, by your words you are condemned.
4. **Isaiah 43 vs 26:** I just felt by speaking to us by the word of God because many believers are becoming careless, we speak anyhow and we don't mind and we keep programming things that destroy

us and then we say it doesn't matter, it does matter. My brothers and sisters, everybody who strives, must do so lawfully. We don't invent the rules, we find them out, it's an ancient path and we walk in it. Isaiah 43: 26, how do you justify yourself, how does the sick justifies himself, I'm healed in the name of Jesus, yes there might be pain but I decree and declare by His stripes I am healed, when you are saying this, you'll see a lot of men of God looks at you and saying you are baby Christian, until one day as matured as you think you are, the devil is not a fool, he will just allow pride to reach the highest point sweep you one day in a way you won't believe. I speak over my life, I speak over your life, bible says those that are planted in the house of the Lord, they shall flourish in the court of our God, even in old age, they shall be fat and flourishing. Many of us use to do it before but now that we are becoming men of God, we are throwing it away, get back, it is a childlike principle that has lifted ordinary people to become mighty. If I tell you I don't speak the word I will be lying, I speak the word, Joshua Selman you are blessed, I have a little blackboard with scriptures, I recites those scriptures when I'm praying and God did extraordinary things through the hands of Joshua Selman so that handkerchiefs and aprons. You don't wait till you see the results, it is the words that command the results, in the name of Jesus I declare wealth and riches are in my house, durable riches, I decree and declare I shall not die, I'm exempted from the arrows that flies by day nor the noisome pestilence. People

like pastor Chris will say “keep saying it, don’t stop saying it” do it like that, that’s how it works. You don’t speak once and keep quiet, listen, if I speak and I say in the name of Jesus, any spirit oppressing anybody and people are outside there, why can I not speak and say in the name of Jesus, everywhere my destiny helper is, by the favor of God come, that you saw it in the bible is not guarantee that it will happen in your life, you must speak. Speaking is so important to the point that they had to shut the mouth of Zachariah so that he will not speak nonsense, if he has spoken, he would have altered John the Baptist’s destiny.

5. **Numbers 14 vs 8:** very interesting scripture, I found this scripture during a retreat, numbers 14:28, as you have spoken in my ears, where was the ears when he was speaking? Did the ears comes near your mouth, so while you were blasting and saying in the name of Jesus I decree and declare, o grave where is your stink, o death where is your this and that and you are prophesying and you are speaking and saying in the name of the Lord Jesus Christ I have a job, the Lord grants me favor, I might not have a rich uncle, I may not have a wealthy aunty but in the name of Jesus, God raise helpers, the bible says God is bringing His ears down and He’s hearing, He says you have spoken in my ear so he will perform that which you have spoken.
6. **Isaiah 44 vs 26:** it is talking about the Lord, let me tell you something, I’m performing the counsel of his messengers, I want to teach you something about faith. Satan has live very long in this realm, believers hear me, and he under-

stands that man out of the assistance of the spirit has human limitation, it's called "our humanity" and part of the component of our humanity is that we can be weary, remember the bible says the keeper of Israel doesn't sleep, doesn't slumber but men sleep and they can slumber, so this is what he does; satan knows that your optical eyes, your ears, all of these things controls your perception, earns your conviction and so what he does is he makes sure that perpetually before you it's an awareness of your limitation, listen to me, so while you were praying, in the middle of hot prayer, the devil just come and say where is your husband, you will think it won't enter you because you are in the spirit, it will just enter you and you will say o God! Am I not a beautiful lady? What is all this? He has brought you back to his realm, the bible says to walk in the spirit. Let me tell you what to do when that happens, that is time a reaction is happening in the spirit, every time you make such a preposition, that is a sign that something is happening in the realm of the spirit. I remember the time when God showed me the vision of our ministry and when we were about to start, I saw overflows remember, I said i saw people coming from other cities, other places that was what i saw, as at that time we do not have anything, I remember when I was praying and was going to announce it, when I was praying, there came a voice of doubt again. Don't think it doesn't happen to me, no! most people will lie to you and say it doesn't happen to them, it's a lie, it happens to everybody, then while I was

praying the devils says you now want to disgrace yourself, you have not even gotten a venue, they have not given you anything, just because God showed you the vision, you now want to make a stupid statement but the bible says the spirit of faith has a character, it speaks, it doesn't weak and hide, no!no!no! it speaks, the spirit of faith, it speaks, oh! Don't ever say, Let me play it safe by keeping quiet so when the answers come or don't come I won't be embarrassed, whoever takes the glory should take the shame. every time you speak you put pressure on Gods integrity, Lord I take your word and I shout it, let them hear so that if it does not happen, no!no!no! I can't give you the glory and take the shame. Many of us here, we have been pressing by our physical circumstances into silence, let the redeemed of the Lord says so, I say it all the time, I stand before my mirror, Joshua Selman you are anointed, you are riding from glory to glory, superiors dimensions of the anointing, the favor of God is upon you, sometimes I'm listening to messages that I preached and while apostle is prophesying, I'm there in my house kneeling down and listening because they are two different sets of people I tell you, I listen to apostles message more than many of you here, I can sit down and claim because I'm the one ministering and never be blessed, there is no message I preached that I've not listened to, not for clarity and administration, God is my witness, I stand before Him in His presence, sometimes I play miracle service messages all while I sleep and I have strange encounter. Don't think this

thing we are just faking it, if you don't work these things it will never work, God is not a herbalist. Sometimes I carry maybe Benny Hinn message or something and playing it and in the sleeps its continuous, mysterious encounters, when you wake up the devil will say pastor how far, you have been prophesying for two weeks and no results, at that moment is not when to start thinking, No!.. start speaking the word again, this is what many of us do but its true now, if you don't stop getting embarrassed by the absence of your results, you will never work by faith. This shame, believers hear me, I'm speaking to you by the spirit, this shame consciousness of looking like a fool while awaiting your manifestation, every miracle you see were risk taken by faith, I say the prayers all the time, lord I thank you, nations are coming, this ministry is rising, people will say you are talking too much, just tell them, thank God I'm not talking to you, you o Lord I'm talking to. Don't go and shout in somebody's house, its not your house, that's why the bible says, close your door, enter your room, close your door, talk to your father. I may not be in money now, father I'm a tither, I'm a giver, in the name of Jesus I prophesy and while you are speaking the holy ghost just tell you to lay down for one hour, ah ah! The word has come and you put one hot high praise, you may not know how to speak the language of the praise song, she can speak for you and you are dancing, don't say I can't dance, dance anyhow, its an instruction, you dance like David dance and while you were dancing, all of a sudden in that

foolishness of faith, the God I serve, who takes the weak things, the foolish things is working a miracle.

Let me tell you this, spiritual people must be childlike, not childish, we are too matured for results, all these big mannerism in the presence of God, no! you must speak. You get up and you have a bad dream, you are lying down and one spirit comes to sleep with you and oppressed you and you get up and say chai! This thing has happened again, NO! sir, in the name of Jesus I decree and declare that I've been raised with Christ and the devil says, didn't the spirit know that yet it came to oppress you, just keep at peace, satan is a coward. Let me tell you something, when you are bold enough you will resist him, and I promise you he will fail. Is God speaking to us? We have been wasting words, the words that are supposed to be used for edifications, we use that energy for gossip, for backbiting, for speaking words of unbelief.

Some People will even come to mock you saying Pastor how far? that prayer we prayed that time, I thought that you prayed it too, let's be honest, is not that I didn't pray with faith o but is it really working? Don't let anybody know, just whisper to me, that thing you did is unbelief, because you are trying to play games with God, please if you are in this thing, enter it o and stay there and die for it, if you are not in it, don't fake it. I'm a talking spirit, truly I talk, not talkativeness, reduce half of the time you use jumping around and talking stories and talking nonsense, go back to the secret place, Husbands take your family and talk into their lives, this family is a family of peace, this is my husband, this is my wife, we love ourselves, no demon from anywhere is coming to scatter us, you call your child, I'm not daddy but a priest, bring your head and you start prophesying into his life, you get up and walk round your house, Dr. Paul Eneche was saying

something that the Lord garden that they are building now, he says almost every day, he goes there to speak and build, just the roofing of that place alone cost millions of dollars, he's not just rich, he will go there quietly in the night at his level and status and pray lord you have given the instruction, let those who will publish it come, the Lord gave the word.

I pray over you, financial helpers will locate you, don't just say favor is happening automatically, no! Lord, there are men and women who will bless me every service, I pray that prayer, I will be honest with you, Lord I am serving you in truth, Lord I expect favor, I'm a receiver with thanksgiving, I receive grace. You have a troublesome tenant, someone who is disturbing you and not making life easy, instead of fighting with him physically, approach with spiritual intelligence, Lord this woman is making life uncomfortable for my children, in the name of Jesus I make a decree, I'm a man of peace, I declare my borders are peaceful. *Even God who quickeneth the dead,, attract things that be not as though they were.* This is not a positive confession, this is creation.

God Bless You

**Laws of Kingdom wealth:** In this Book, it started with the discussion of the economic system of the kingdom of God, and we need to understand that the battle for wealth and prosperity is not just about the desire to use money to prove a point to people around you, but that there is a program and there is an agenda that is bigger than the personal interest of men, its important to get this, that prosperity is not just about the
