## WHAT IS TRULY THE WAY OF ACCESSING THE SUPPLIES OF HEAVEN?

An increase in the kingdom is a product of value. The greatest gift that can happen to a man is to be shown the system and the way that constructs your life to become valuable.

Your value defines your degree of usefulness; the degree to which you are needed within a social context. It is the degree of your usefulness, not just your uniqueness or skill. You can have a skill that is not useful to the context of civilization.

God so designed, that the supplies of heaven are routed through the medium of value. That when God wants a believer and one who is a citizen of the kingdom, to rise to a point where he will begin to access the riches and the blessings of the kingdom, he does not just favor you by giving you money, but he brings you to a pedestrian in life where it becomes impossible to ignore you. The gateway into accessing the supplies of heaven experientially is becoming valuable.

Most of the teachings on value do not carry the full impulse of what makes it rewardable. It is not enough to know that your value is a reward of your usefulness. There are many people carrying useful things but are not rewarded for it; they are valuable, yet they are not rewarded.

Your value decides who pursues you. You know you are valuable, by the extent of the demand that is placed on what you represent.

Most believers pray, study the word of God, are faithful in church but do not understand the system allocated to bring them out of this wallow of hardship. Many of the things we try to address are symptoms of one central deficiency - value.

Nothing covers for the area of Value. Value is a reflection of the extent of your usefulness. Who pursues you determine the magnitude of your

reward, it's not just because people are pursuing you, the quality of the people pursuing you is also the quality of the reward that accrues to you.

If a president needs you, you will be rewarded at the level and status of a president.

*¶How can I call on your name and end up in shame, no way 2\**

*How can I bow down before you, and then bow down before a man, no way 2\**

*You are my God¶*

When you become valuable, you will command dominion in a way and manner that will not only bring God glory but also bring glory to you and your family. You will bring beauty to your life when you become valuable.

Peg at a level where your usefulness cannot be ignored, where every other factor to downplay your usefulness becomes inconsequential. Where you rise to a point where no gender, geographic limitation, cultural background etcetera, and that none of these things sustain the ability to be reason enough for men to ignore you - this is value.

Value is not that you have something that been biased by loyalty

It was said about Jesus that all men seek for him. Not what we have in today's world, where Yorubas seek for Yoruba, Igbo and Northerners do likewise.

The moment people create certain factors to undermine you, you are not valuable enough. If there is any excuse that is big enough to frustrate you, then you are not valuable.

There is no magic that is going to happen in your finances if you do not trust God to take you to a point where you become extremely valuable. As far as accessing finances by yourself here on

earth is concerned, you will live a frustrated life, it's a matter of time.

It is your value that gives life to business or job, they don't give life to you. Many have not been taught that part of the ministry of the Holy Spirit in our lives, is not just to help us know God or walk in character, the Holy Spirit upgrade men. He came into our lives to build us to a point where we become valuable. The bible says Jesus increase in wisdom, he increases in stature, he increases in favor with God and men. The Holy Ghost does not come into the life of people and then reduces them to a point where the only thing useful about them is their knowledge of God. No!

When your world comes to you, they want to see what is it you have in your hands that you are going to exchange for the reward they have. You are valuable when no amount becomes regrettable to commit to you. When nothing in this world becomes worthy enough to reward what you carry then you are valuable beyond imagination.

Don't trivialize what pressure can do to the life of a man. When you are pressured to a point where you are pushed to the wall, you will be surprised at the compromises you will be able to make. We are losing believers per second per second because of poverty and what it can bring. It's not the will of God for 10 people you be depending on one pocket, it's a curse.

The name of Jesus is heavy, it takes resources to lift it up, it is not a feather you throw, it will take the shoulder of the priest to take it up

*¶ We raise your banner high, we shine your light so bright*

*We sing of you¶*

You will never walk in integrity if you don't have supplies. Just been valuable is not enough, you must ensure that that value is needed and

useful within the context of your civilization. Everybody seems to have recognized or have something that is valuable, just because we find it, we start rejoicing expecting life to just come and bless us, no! because there is a standard that demands a reward. It's not enough to be valuable, firstly, your value must be needed and useful, secondly, your value must be translated to a form where it is served with excellence; an excellence that relates to everything with a high level of mental development.

That means that the value you provided and the excellence attached to it may only be able to serve people who are middle class. That level of excellence may not suffice for the great, who do not think price.

As a man of God, it's not enough to be called, you can be anointed, fine, but is it to the level that can bless the people who God told to bless you?

Because for every destiny helper, there is a standard of grace that compels its resources to answer to you. Everybody who will bless you tomorrow is already alive today, your level of grace has not risen enough to call them, that is why they are shifted to your tomorrow if you enter that level of grace today, they will come today. The Holy Spirit has the responsibility of upgrading the saint to a level where their usefulness becomes worthy of being rewarded at any standard.

As a man of God, nobody will place a demand on your grace just because you are prayerful and you study. The truth that you communicate and the impact of that word must be felt in the lives of the people when it is felt, the reward comes. Don't get this wrong, you don't preach because of money, but however, it is impossible to be valuable and serve that value with excellence, whether you sell it or give it you must be rewarded.

Your skill has not raised anybody, yet you want to be rewarded, what have you given to the world that you demand value for? Nobody really blessed needy people, they bless valuable people, you must translate yourself from this needy mentality to a mentality of value.

Jesus climbed up the mountain and people followed him up to the mountain to a point that his influence threatened the Scribes and the Pharisees.

Nobody leaves what works. The world does not have too many things that are working, so the options are few, so when you find what works, then you stay and pay whatever price it takes to stay. That is why the presence of God is a place and you must decide desire and hunger forever, because the presence of God does not just make you heaven bound, it makes you valuable.

*¶ I love I love, I love your presence 3\**

*I love I love, I love you Jesus ¶*

It's good to do business, but be anointed; have something upon you that nobody can buy. The bible says thou anointed my head, you didn't anoint my cup, the goal is for my cup to run over, but the oil comes upon my head and the result showed in my cup. It takes more than a good skill or profession to prosper. There is an anointing that announces what you do, it's called **oil of gladness**. It can make you above your fellows.

The financial tsunami that is coming to destroy men, a time will come when you will see that what you have everything other person has it. You are educated, they are educated.

- There are some things you have that only rich men look for you
- There are things that you have, only the poor looks for you, some
- There are things that you have only sick look for you

- There are things that you have, only those in need of legal issues look for you
- There are things that you have, only hungry people look for you.
- But there is a thing that you have, everybody looks for you.

Jesus, when he was about to start his ministry, having done everything he did, went to the wilderness to fast and pray for 40 days and nights, and returned in the power of the anointing. Act 10 tells us how God anointed Jesus of Nazareth, with the Holy Ghost and power, went about doing good, healing those that are oppressed.

Once you are struggling to be accepted in a realm and they are rejecting you, it is a sign that the anointing has not opened the door, don't force yourself, go back to the secret place. When what comes upon great men comes upon you, there is no door that will remain closed.

If God grants you access to the anointing and you can tap that anointing with excellence, there is no door you won't open.

You don't have to leave your profession, it just needs to be anointed. Many of us are educated, our certificates are not anointed, many of us are skilled, but your skill needs to be anointed.

Prayer :

1. Lord, you are the giver of all good things, you don't withhold good things, put something upon my life, place, and anointing upon my head that will answer to the needs of kings and nobles. Place an anointing upon my skill, my certificate, my profession.
2. Lord let your anointing and fire come upon what I do (mention your business) and let there be an explosion from the left to the right

3. Lord by the anointing on my life, take away poverty and hardship
4. Lord your fragrance of glory, let it smell in my life, that as I walk, my life becomes a walking miracle
5. Lord I am to break the circle of hardship in my entire lineage, let the grace upon my life crush hardship in my lineage

The bible says John was anointed from the womb, until that time, they never named anybody John, so they wanted to give him a name, an identity like what was the status quo, but when the angel came, the name was changed. Zachariah wanted to corrupt the destiny of someone who was greatest of all prophets according to the mouth of the Lord. The Father's mouth was shut so that the destiny be preserved. When you do uncommon things, uncommon men come to you, when you do common things, common men come to you.

6. Lord anoint me for an unusual thing, dimension, ministry, business, medical practice
7. Lord, allocate my space and keep me there. A space that is beyond the competition
8. Lord, that one thing, that will announce me by your grace, let it come

Most great men are only lifted by one thing; if David didn't kill Goliath, he would have continued to eat cheap meat in the wilderness. The head of Goliath brought him a wife, made him and his family tax-free and finally made him a king.

One thing that Jesus did on the cross was that he died and is resurrected and enthroned as the king. For some of you, it may not be one thing, but one encounter with one person just one encounter turned the lives of people like Apostle

Babalola, Bishop Oyedepo, Bishop Benson Idahosa, Pastor Enoch Adeboye, and many others.

9. Lord the encounter I need, the idea release it into me o Lord

(Prophetic declaration)

You don't carry the anointing, the anointing carries you, You need to understand this and accept it into your spirit man.

God Bless You
